### GERARD AND PARTY MAY LEAVE BERLIN SATURDAY EVENING

It is Expected That the Former Ambassador and Those Accompanying Him Will Depart Then; Travel via Switzerland.

By Associated Press. Berlin, Feb. 8 (Via London, Feb. 8).—Former Ambassador Gerard and his party will leave Berlin Saturday evening, although the date has not been settled definitely. It is expected they will travel by way of Switzerland.

### VON BERNSTORFF TO SAIL FOR HALIFAX ON MONDAY

Berlin, Feb. 8 (Via London, Feb. 8).—The German government was informed officially today by the Spanish ambassador that Count von Bernstorff will sail for Halifax on Monday. Americans who have been wondering why no announcement has been made regarding the departure of Ambassador Gerard's train have been greatly relieved, as they hope that Mr. Gerard now will leave Berlin shortly. Mr. Gerard was offered the choice of leaving Berlin Saturday or Sunday

and quickly decided in favor of the earlier date.

The train which will take him to neutral soil will be composed of sleepers and day coaches and probably will make better time than the regular train service which no longer attaches importance to the speed as in peace times.

Arrangements for the departure of Mr. Gerard and his suite practically were completed today. The delay was caused by the number of passports to be made out for the party and because of the lack of news regarding the movements of Count von Bernstorff.

The embassy representatives will enjoy the diplomatic privilege at the frontier and baggage inspection formalities for the others of the party will be executed before leaving Berlin so that there will be no delays at the border.

A special train will leave Berlin Saturday evening at 8:30 o'clock for Switzerland by way of Basel and Berne. The party will then travel to Spain, where Mr. Gerard will embark on the first available steamer for the United States.

The former ambassador and Mr. Gerard will be accompanied by nearly all the embassy secretaries and attaches and members of the consular service in Germany—except a few ordered to Scandinavia or Holland—and by most of the American newspaper correspondents. The train will carry in all some 200 persons from the German capital. Two representatives of the foreign office will accompany the train to the border, which is expected to be reached early Sunday afternoon.

### RUSSIANS VERY MUCH IMPRESSED BECAUSE OF ACTION OF U. S.

Breaking of Diplomatic Relations With Germany Commended; Appreciate Prompt Move of Wilson on Kaiser's Sub Policy.

By Associated Press. Petrograd (Via London, Feb. 8).—The foreign office has given the following statement to the Associated Press in regard to the action of the United States in terminating diplomatic relations with Germany:

"The decision of the government of the United States to sever relations with a nation which has persisted in the violation and perversion of all the laws of warfare has produced a deep impression in Russia. We felt assured in advance that the United States would not tolerate this last threat of Germany, but we are none the less appreciative of the prompt and decisive manner in which President Wilson has shown his disapproval of Germany's mad submarine program and his reluctance to continue on friendly terms with a nation which ignores the first principles of civilization and humanity.

"Whatever may be the further consequences of the present diplomatic rupture, Germany at least has been shown that any continuance of her past methods will meet the open hostility of the civilized world. It is impossible for any of the warring nations, however, confident in the justice of the cause for which they are fighting, to remain insensible to the approval or disapproval of a great neutral power.

"For this reason we cannot too deeply acknowledge our appreciation of President Wilson's verdict. Everywhere where men are looking for triumph of right and justice the action of the United States will call forth new courage and consolidate their conviction of a necessity of finishing forever with Germany militarism and its atrocities."
